Holidays, History, and Nature in Troy, OH

Thursday, December 11, 2025

Celebrate the holidays and delve into Ohio's history and nature in a visit to Troy.

First stop will be the **Bruckner Nature Center** to enjoy wildlife displays, the 1804 Iddings log cabin, and shopping at their nature store.

Next stop is holiday plant shopping at **Andy's Garden Center** where they proudly grow all their own plants.

The third stop is to tour the beautiful **Troy-Hayner Cultural Center**, which will be fully decorated for the holidays and will be our lunch site. We'll enjoy box lunches delivered there from **Bakehouse**

Bread and Cookie Co. (included). Our final stop will be a one-hour tour of the **WACO Museum**

Central Ohio Gardens Wednesday, June 4, 2025

The Wegerzyn Gardens Foundation summer bus tour will visit two of the most unique gardens in Central Ohio: The **Franklin Park Conservancy** will be ablaze with summer flowers as we scope out their Chihuly in Nature exhibit, butterfly enclosure, and children's garden. Afterwards we'll box lunch in their picnic area. Lunch is included. On

to the **Governor's Residence and Heritage Gardens** using your picture ID to enter. Part of our tour will explore Governor DeWine's stately home. While it's a private home, it is also a public space offering us opportunities to discover more about Ohio's history, arts, architecture and industry, as well as our natural spaces and landscapes. The rest of this tour will experience the adjoining **Ohio's Heritage Garden** featuring unique plants from each area of our state, nurtured by a corps of volunteer gardeners and overseen by its own curator. We'll enjoy a rose garden, a prairie garden, and a wildflower garden. After a day of summer beauty, we'll make one last stop to satiate our appetite for MORE—**DeMonie's Greenhouse**. We have plenty of room to stash our purchased treasures in the undercarriage for our trip home!

Kingwood and Groovy Plants Ranch Tuesday, September 16, 2025

Join us for a tour of the beautiful **Kingwood Manor** in Mansfield. This is the estate of Charles Kelly

King who rose to prominence as a part of the Ohio Brass Company. The home, built in 1928 in the French Provincial style, sits on 47 acres. The gardens were developed to resemble the much admired English gardens of that time. They have been maintained in their original plan. Since Mr. King's death in 1952, the gardens have been open to the public with thousands of visitors enjoying the home and gardens each year.

We will then travel to **Groovy Plants Ranch**, opened in 2016, in Marengo. You will find it both

groovy and quirky with an amazing selection of both annuals and perennials. You will find many helpful employees ready to help you with selections or just answering questions that you may have.

Remember that gardens are often at their most beautiful in September!
